

..... **BREAK THROUGH TECHNOLOGY!**

perfect-power
Guaranteed Pure Sine Wave

GT2005i

With 2000W maximum output the GT2000i is our most popular generator for campervans. Compact, lightweight and under 20kg, the GT2005i inverter generator provides clean, portable power that's perfect for the campground or any outdoor activity where you need your own perfect electrical supply.

Designed to run quietly, the GT2005i is the preferred choice for life-stylers and has a huge following among those who hold outdoor events such as music festivals and film sets.

With a maximum output of 2000W, and a parallel function taking it right up to 3400W the GT2005i provides enough power to run a desktop or laptop computer, X-box, TV, compact refrigerator, or a small air conditioning unit.

Optional Parallel Connection Function
(#16757)
Synchronises 2 units for output up to **3400W!**

- 2.0kW (max.) power output, 1.6kW (cont.) power output
- Powerdyne 4 stroke, air cooled, OHV industrial engine
- 1 x 10A, 240V outlet, 1 x 12V, 8.3A outlet
- Electronic ignition and EZ start recoil with fuel primer button - starts easy!
- In-built USB charging port for cellphones and media players
- Up to 10.5 hours run time
- Whisper quiet - only 51dB!
- Super compact at 20kg.

...for safe powering of sensitive electronics!
